## SOLD BY RECEIVER.

Property of a Natural Gas Company at Elwood—Fight Over a Well.

Special to the Indianapolis Journal.

ELWOOD, Ind., Oct. 20.—Receiver F. M. Harbit on Saturday sold at receiver's sale the property of the Elwood Natural Gas and Oil Company, which has been doing business in this part of the county for the past twelve years, principally supplying its own stockholders. The pipe was sold to the Elwood Supply Company and the Frankfort Fence Company, bringing in over \$2,000 about half of the original investment.

The sale of the one gas well belonging to the company created considerable feeling. It is located on the farm of Orris Wayne, and before the well was put in the ground, the Wayne family had been told that whoever bought it would buy a lawsuit, as he would arrest anyone trespassing on the land. The Wayne family, however, had a bid of \$5 in order to legally hold the well, but the Wayne family, a neighboring farmer, speedily raised it to \$25, and the well was knocked down to him. As both are determined men there will likely be something of the original fight.

ALIENATION OF AFFECTIONS

Charged in a Damage Suit for \$20,000 Filed at Rensselaer.

Special to the Indianapolis Journal.

RENSSELAER, Ind., Oct. 20.—A well-kept marriage secret has just been revealed here by the filing of a \$20,000 suit in the Jasper Circuit Court. The plaintiff is John McLaughlin and the defendant W. S. Russell, one of the wealthiest farmers in Jasper county.

The complaint alleges that the plaintiff and the defendant's daughter, Miss Della Russell, were married in October of 1901, and that the father has since kept his daughter at home and has by his persuasions induced her to leave her husband and to live with him. The plaintiff claims that the defendant has alienated the affections of his daughter and has damaged him to the extent of \$20,000.

The filing of the suit is the first authentic knowledge the public has had of the wedding.

## Suit Over the Gas Failure.

Special to the Indianapolis Journal.

MARION, Ind., Oct. 20.—The Indiana Lead Glass Company in a suit filed in the Grant Circuit Court against the Matthews Land Company to-day attempts to hold the latter responsible for its going into the hands of a receiver and its failure to pay its debts.

The Matthews Land Company is accused of maliciously and with intent failing to supply the plaintiff a sufficient amount of gas with which to operate its factory, although the defendant was fully able to do so according to the terms of the contract.

LAFAYETTE, Ind., Oct. 20.—Notwithstanding the defeats at Chicago and Champaign the prospects for the Purdue eleven have brightened within the past few days and the good but unfortunate showing at Illinois has done much to revive interest in the team and win back the support that had been on the wane since the unlooked-for result of the Chicago contest. Six new men reported to Coach Best to-day to join
